1. Up, and a - way, while the blush of the morn-ing Tips ev - ery leaf with its pure, bright ray;
2. Up, and a - way, on the jour - ney be - fore us; Fol - low the Sav - ior in youth's bright spring;
3. Up, and a - way, for the mo - ments are fleet - ing; Up, and a - way, like the tried and true;
4. Up, and a - way, to the fair land of glo - ry; There may we rest, when our jour - ney's past;

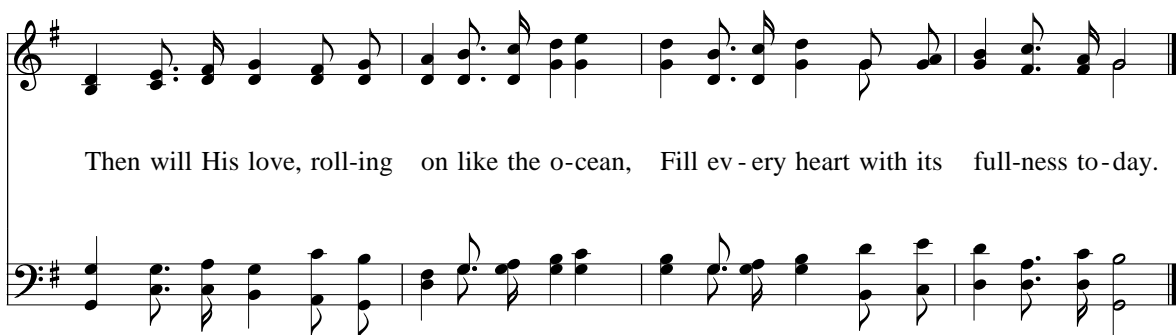

Up, while the spring-time the earth is a - dorn-ing, Come, while the Sav - ior is call - ing to - day.
Now while the cloud of His mer - cy is o'er us, Haste, let us go, and re - joice while we sing.
Up, and a - way, to each o - ther re - peat-ing, "God has a work for the child - ren to do."
Rest with the faith - ful, pro - claim-ing the sto - ry, "Through our Re - deem - er we're safe, safe at last."

Refrain

Give to the Sav - ior each grate - ful e - mo - tion; Give Him, with glad - ness, our ear - nest de - vo - tion;

Then will His love, roll - ing on like the o - cean, Fill ev - ery heart with its full - ness to - day.
