$\text{♩} = 103$

1. In the path of sin I could not stay, Now my heart is hap-py
2. On my path there shines a ra - dant light, And the bells of joy ring
3. When my heart is faint, He makes me strong, And He bears my bur - den
4. I shall reach that hap - py gold - en shore, There to dwell in joy for

ev - ery day; I am walk-ing in the nar - row way, On the long, long road with Je-sus.
day and night; I am walk-ing in the sun - shine bright, On the long, long road with Je-sus.
all day long; I am sing-ing now a glad new song, On the long, long road with Je-sus.
ev - er - more, If I fol - low Him who goes be - fore, On the long, long road with Je-sus.

Refrain

On the long, long road with Je-sus, On the long, long road with Je-sus, Thro' the days of weal or

woe, I am sing-ing as I go On the long, long road, On the long, long road with Him.
